Important information and conditions:

Transport In Nood provides this to make its French representative for Dutch transporters who are urgently in need of a representative. This service is not going to cost during the transitional period. This transitional period will amount to several months. When this service is interested in Emergency Transportation must register your business as being its responsibility. Following the notification by the French Ministry, we will try in a few months to visit your company to take with you all personally. After noncommittal visit from Transportation In Nood for your business, we leave to you the choice to continue with us or not. Until this moment you are not related to cost and you are free to choose another representative. It is very important not to step on during this transitional period to another agent without consulting us. This is because there is already an official representative registered at that time. You are required to supply all the documents which the French authorities of our desire. When we get a request from France, we will inform you. As a representative, we are obliged to keep your documents 18 months. We are afterwards still 18 months in charge of your company about the time you enrolled with us. In short, if you make use of our representative for a shorter time, it may be that the French authorities within 18 months of cancellation talk to us yet to provide additional documents. We are still obliged to provide it, and those documents we will need to get from you. Like below your signature and stamp if you agree to these terms.
